

Gold Service Plan

The Gold Plan includes everything listed in the Silver Plan above plus the additional parts listed below and extended labor coverage. If the parts are covered by the Gold Plan, up to two hours of labor (including nights, weekends, and all holidays) will be covered.

Digital programmable thermostats (2)	Limit aquastats	Triple aquastat
Blower motor (up to ½)	Blower shaft	Blower bushings (up to 1")
Blower thrust collars	Circulator coupling	2-Zone valve motors
Standard smoke pipe (up to 8")	2-Zone damper motors	Oil tank gauge
Circulator motor (up to 1/8)	Barometric damper	Spin on oil filters
Standard switching fan relays	Alarm modules	Ignition leads
Aquastat probes and sensors		

The Platinum Plan

The Platinum Plan is our most extensive plan offered. It covers all the parts mentioned in the Gold and Silver plans above plus the parts mentioned below. Should any of the listed parts fail, we will replace those parts free of charge with no limitations on labor. In addition to parts and labor coverage, we also provide additional services included in this plan. See additional service listed below.

Air filters all types (1)	Standard air scoop (up to 1 1/4)	Air vents (UP TO 3 WATER ONLY)
Automatic feeder/back flow	Standard back flow preventer	Mixing valve (up to ¾)
Standard heating circulator (up to 1/7)	Triadicator gauge	Blower motor (up to ¾)
Low water cut off (or comparable)	30 pound pressure relief valve	15 pound pressure relief valve
In line expansion tank (up to # 60)	Boiler drains (3)	1-Vent alarm
Zone damper panel (up to 2 zones)	Zone switching relay (up to 3 zone)	Thermal wells

Additional services:

Bleeding radiators (only radiators)	No labor charges on combustion chamber replacement
Tank readings for closings	Adjusting boiler pressure or adding water
Oil tank whistle repair	Thermostat battery replacement
\$250.00 off any installation over \$2,000.00
